

MEDICAL OFFICE RESTORATION

Montebello, California

Project Location:

2457 W. Beverly Boulevard
Montebello, CA 90640

Project Date:

August 2016 – March 2017

Project Value:

\$180K

Prime or Subcontractor:

Prime

Project Description:

GAPA team members negotiated the claim and got funds approved for structure restoration and renovation following sustained flood damage. Prior to restoration services, the medical office had to be dried-out to mitigate/avert further damage. Water removal services included multiple 4-foot flood cuts made at incremental segments followed by an anti-microbial treatment to prevent mold growth.

Services rendered included:

- Cabinetry Removal and Installation
- Facility Cleaning Pre and Post Services
- Content Manipulation
- General Demolition
- Door Removal and Installation
- Electrical
- Carpet Removal and Installation
- Vinyl Floor Removal and Installation
- Finish Hardware Removal and Installation
- Interior Lath & Plaster
- Plumbing
- Interior Painting
- Toilet & Bath Accessories Removal and Installation
- Window Treatment Removal and Installation
- Wallpaper Removal and Installation

The medical offices were restored to pre-loss construction on-time and on-budget with no safety incidents.
